Hey Gary....we FINALLY got the results back from your email search. As you stated earlier, there was nothing responsive. I'm working on a No Records Letter. Can you complete the attached form, get your supervisor to sign it and get the signed form back to me?

Since Ed is LCD's FOIA Coordinator, I'm copying him.

Ed...I started working on this because we initially interpreted it as a request for union stuff. It really isn't. I'll take care of getting the NRC and closeout letter done. Let me know if you have questions.
